No halation cut filter

Attached halation cut filter

**Future**

- Wide cover range. When distance 200 or 400mm, 170 width covered.
- No irradiation unevenness.  
By original optical design, irradiation within the limits does not have change of extreme illumination.
- Does not Halation.  
Attached halation cut filter.
- White Lamp. LED White lamp attached

Input Power	100V – 240V 50/60Hz (±10%)
Primary Current	0.3A
UV-LED Lamp	Peak Wave Length 365nm ±5nm
White LED Lamp	Super luminosity LED
Halation cut	Attached Halation Cut Filter
LUX	Under 10 Lux (distance 380mm)
UV-LED Lamp Life	10,000 hours
lighting time	Switch on
Ultraviolet Power	Over 4,500 $\mu$ W/c m <sup>2</sup> (distance 380mm)
Surface temperature	Under 50°C (on filter)
Effective Lamp range	About 170mm
Lamp of dimension	$\phi$ 92 × 169 × 237mm about 0.6kg (not include cable)
Weight of Box	W300 × D185 × H204mm 約 3.4kg
Sub outlet	Only 100V / 2 consent (do not attach 220V version)
Cable Length	Lamp 3m : Box 3m
